August 29, 2012

Dear Volunteers, Contributors and BWP Season Ticket Holders:

**Next week, Bottineau Winter Park will be swarming with hundreds of volunteers, donating their time, talents and resources, building Annie's House, an adaptive ski center at Bottineau Winter Park.** The dream of Ann Nicole Nelson, who perished in the 9/11 attacks at the World Trade Center, is about to become a reality while providing hope for disabled children, young adults and wounded warriors across the region.

**We thank you very much** for volunteering and/or contributing to this exciting project and/or being a season ticket holder. On behalf of Bottineau Winter Park and our partners at Bottineau Area Community Foundation and New York Says Thank You Foundation, we would be honored if you and your family could attend these activities for Annie's House at Bottineau Winter Park, North Dakota's first adaptive ski facility to teach disabled children, young adults, and wounded warriors how to ski.

The agenda for the week is on the reverse side of this letter. **Again, we encourage you and your family to attend all these activities and join us for the meals which will be served at Bottineau Winter Park.**

The facility is named after Ann Nicole Nelson, a resident of Stanley, North Dakota who perished in the 9/11 attacks at the World Trade Center. Completion of the project is expected by November 2012. We would be honored if you would attend the upcoming events. Also, any questions or concerns you might have can be addressed to any of the BWP Board of Directors or the Bottineau County Economic Development Corporation.

**The Welcome Dinner is on Thursday, September 6, at 6:00 PM at Bottineau Winter Park. Please plan to attend and help us welcome the New York Says Thank You Foundation & all the volunteers coming from near & far.**

Thanks again and we hope to see you all next week.

Wally Brandjord, President

Diane Olson, Director
